

PALE FACED WOMEN TAKE PHOSPHATES TO MAKE ROSY CHEEKS AND BEAUTIFUL FORMS

MEN NEED PHOSPHATES TO MAKE STRONG, VIGOROUS BODIES

Athletes Increase Their strength, Energy and Endurance 200% or More
By Simply Taking a Few Weeks' Treatment of Argo-Phosphate

Atlanta, G.—Dr. F. A. Jacobson says that Phosphates are just as essential to any man or woman who tires easily, is nervous, or irritable, worn out or looks haggard and pale to make a strong, robust, vigorous body, as they are to cotton to make it grow. The lack of Phosphates is the cause of all anemic conditions and the administration of 5-grain Argo-Phosphate tablets will increase the strength and endurance of weak, nervous, care worn men and women 300 per cent. in two or three weeks time in many instances, and their continued use will build up the whole nervous system, and give new life, vim, vigor, and vitality to the whole body. I always prescribed to patients who are pale and colorless, and it is surprising to see how quickly a few weeks treatment will transform a pale face to a rosy cheeked beauty. There can be no rosy cheeked, healthy, beautiful women, without their system in sufficient supply with Phosphates. In recent interviews with physicians on the grave and serious consequences of a deficiency of Phosphates in the blood of American men and women, I have strongly emphasized the fact that doctors should prescribe more phosphates in the form of Argo-Phosphate for weak, worn out, haggard-looking men and women. When the skin is pale, and flesh flabby, it is a sign of

anemia. When the phosphates go from the blood, the pink cheeks go too. The muscles lack tone. They become nervous, irritable, despondent, melancholy, the brain fags, and the memory fails. Therefore if you wish to preserve your youthful vim, vigor and vitality, to a ripe old age, you must supply the deficiency of Phosphates lacking in your food by using Argo-Phosphate, the form of Phosphates most easily assimilated.

NOTICE: Argo-Phosphate which is recommended and prescribed by physicians in all anemic cases, is not a secret or patent medicine, but one that is sold and recommended by well known druggists everywhere, and physicians are daily prescribing the constituents contained in it. Being entirely unlike many other Phosphates, it is easily assimilated and will be found effective in the treatment of indigestion and stomach troubles, as well as for care worn, nervous conditions. The manufacturers of Argo-Phosphate will forfeit to any charitable institution \$200.00 if they cannot treat any man or woman under 65 who lacks Phosphates, and increase their strength and endurance from 100 per cent. to 300 per cent. or more in one month's time, if they are free from organic trouble. It is dispensed by Brooks & Snapp Drug Co. (adv)

AN ARMY MOVES ON ITS STOMACH

That's a Famous Saying of Napoleon's—He Might Have Said, Too, That Men and Women Work On Their Stomachs and Live Through Their Stomachs—You Can't Do Much Work or Enjoy Life When Your Stomach Is In a Bad Condition.

The Famous Four-Day Money Back Offer That Local Druggists Are Making On Re-Cu-Ma Gives Everyone Who Is Suffering from Stomach Disorders An Opportunity to See Whether Re-Cu-Ma Will or Will Not Benefit Them, at the Company's Risk.

On the health of the stomach depends your health. If you are suffering from stomach disorders life does not hold much pleasure for you. Thousands who have known the tortures of an ill functioning stomach have found relief in Re-Cu-Ma, the famous remedy which has won almost overnight a country-wide reputation. Re-Cu-Ma acts on the four most important organs of the body—the bowels, the liver, the kidneys and the stomach. It tunes up the whole system through these four organs.

The Re-Cu-Ma Company have such absolute faith in the merits of Re-Cu-Ma that they are offering to refund the money of anyone who, after using Re-Cu-Ma for four days, finds that they have not been materially helped. Could any offer be fairer? Positively not. Sufferers have everything to gain and nothing to lose by accepting this offer. If Re-Cu-Ma does help them as the company says it will they have learned of a remedy that will do them priceless good. If it does not, they have but to return the bottle, and every cent that they have paid for Re-Cu-Ma will be refunded.

Local druggists say that they expect hundreds of people to accept this offer immediately and there is no reason why their expectations should not be realized. A man who will not accept this fair offer does not want to get well very badly.

Danger in Incandescent Lamps.
Evidence that the high-power incandescent lamps now so commonly used for street lighting may not be wholly innocent as a possible source of fire was observed in southern California recently, says Popular Mechanics Magazine. A bulb hanging 20 feet above the ground suddenly burst and the white-hot particles of metal it scattered instantly ignited the dry grass at the foot of the pole. Fire wardens of the district are now advocating the use of suitable guards about the lamps.

CIGARETTE

No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

Chinese Medical Practices.

In 796 the Chinese began to vaccinate. There were three vaccination stations in which the concoction was poured into the mouth. Stone needles were used to puncture swellings and the idea was not introduced into Europe until centuries later. Cauterization was practiced by burning the rolled leaves of a small plant. It was held to be good for rheumatism and nosebleed. Anesthetic effects were produced by certain mushrooms and the root of aconite. Cases of skin grafting are early recorded.

Oriental Peculiarities.

Chinese medicine developed a special fondness for fossilized "dragon bones," derived from extinct herbivora. They are also fond of "dragon teeth," as fossilized shells are called. In Shantung, glue is made from asses' skins. In a certain town of that province is a well, the water of which, when drunk by asses, makes their skins especially good for making glue. This glue brings a fancy price, as it is a famous tonic throughout China.

Wonderful Human Bones.

Human bones have a wonderful power of resistance. It has been proved that they will bear a pressure three times greater than oak and almost as much as wrought iron before being crushed.

GET MORE BUTTER

Mrs. Hattie Meece, of Glenn, Missouri, says: "I was not making enough butter from my cow's milk production for a family of two. After using Dr. LeGear's Stock Powders a short time, she gave a half-gallon more milk a day, and a pound of butter a day."

Dr. LeGear's Stock Powders give to milk cows just what is needed to keep the digestive organs in proper condition, so that they get the most possible good from their feed. Give equally wonderful results when used for horses, hogs, and sheep, because they are a tonic, appetizer and worm expeller.

It matters not what ailment you may have among your stock or poultry, it will pay you to get the proper Dr. LeGear Remedy from your dealer. They are the Doctor's personal prescriptions, compounded during his 28 years Veterinary Practice and Expert Poultry Breeding. They must satisfy you, or your dealer will refund your money. (adv)
